

## Tozen

Like the art of watercolor, the Tozen collection uses transparency, pigment and light to tell a story. Translucent glass presents our artists the perfect canvas to juxtapose luminosity and darkness...transparency and opacity...rest and movement. The handcrafted, smooth-edged design is available in 19 colors and two finishes to narrate your personal design story.

To achieve optimal results in shading, layout and design, tile should be randomly selected from multiple boxes during installation. We recommend a minimum of 10% overage on all orders. On dimensional patterns, using a grout bag is the best method to target competent and successful grout application. Grout floats should not be used due to the luster glaze. please take care when grouting and protect surface from abrasion. <b>Installation constitutes acceptance.</b> We advise retaining control samples to aid in color matching if additional material is required (match not guaranteed).
